Asset 1 — 7-Day First Sale Blueprint (preview)

Day 1	Decide the offer. One sentence. One price. One buyer.
Day 2	Build the deliverable to v1 — voice notes + a one-page PDF count.
Day 3	Write the DM. 4 sentences: trigger, offer, proof, ask.
Day 4	Send to 10 warm contacts. Reply within 30 minutes when they answer.
Day 5	Close the first one. Refunds open. Discount allowed.
Day 6	Deliver. Over-deliver one thing. Ask for a voice testimonial.
Day 7	Post the testimonial publicly (with permission). Raise price 30% for the next round.

Asset 2 — Ready-to-use Offer Template

Replace the bracketed placeholders. Send as plain text or a one-page PDF. Only state proof you can show.

```
Subject: A quick offer just for [first name]

Hey [first name],

I noticed you've been [specific observed pattern] and remembered that you
mentioned [pain] back when we [context].

I put together a [deliverable] that solves exactly that.
[One line of proof you can show: a result, a sample, or a named reference.]

It's $[price] and includes:
• [item 1]
• [item 2]
• [item 3]

If it's a fit, reply "send" and I'll send the payment link. If not, just say
"not now" — no awkwardness.

[Your name]
```

Asset 3 — 24-Hour Activation Checklist

- ☐ Pick the single offer (no menu).
- ☐ Write the DM. 4 sentences. Save as ‘v1’.
- ☐ Pull the 10 warmest names. Phone, not just email.
- ☐ Send v1 to 3 names by lunch.
- ☐ Send v1 to 7 more before 9pm.
- ☐ When anyone replies, answer in under 30 minutes.
- ☐ Quote, take payment, schedule the call.
- ☐ Sleep. Build tomorrow.

Asset 4 — AutonomaX Revenue Map (1-page)

This is the smallest viable revenue system. Each box is a job, not a tool. Pair each job with the cheapest tool that completes it.

LAYER	JOB	MIN. TOOL
Capture	Catch attention & capture an email	1 landing page
Convince	Show one piece of proof you can verify	1 real example
Convert	Move from interest to paid	1 DM + 1 payment link
Deliver	Ship the deliverable	1 PDF or Loom
Compound	Turn delivery into a permissioned testimonial	1 voice note ask
